## **Law as an Instrument of Social Change in India**

The course acquaints the participants about the role of law as an instrument of social change and how it has strengthened the constitutional promise of welfare State which ensures justice for all. India is known for its diversity in religion, race, caste, economy, societal setup and so on. Maintaining unity and fraternity despite of its deep rooted diversity is a challenging task which has been duly performed by legislation, executive and judiciary in India. The course intends to highlight various instances of balancing conflicting interests of Indian society.
